

by driving green

Compressed Natural Gas (CNG) Honda Civic features:

- Cleanest internal combustion engine vehicle in production
- Near zero-emissions
- CNG costs less than gasoline
- Reduces foreign oil consumption

How can you drive green?

Two CNG vehicles are available for business use by employees working in the Ziggurat. For online reservations, go to your M/S Outlook Public Folders, click on "Zig Resources," then reserve a car. Keys are at the BSO window.

In addition, 26 CNG vehicles are available for business-related travel via the Sacramento State Garage. For reservations go to: www.ofa.dgs.ca.gov, then click on Vehicle Reservation, or call (916) 657-2327
